Written Comments

917 Comment on the general quality of your recitation.

I felt extremely comfortable sharing my opinions on the texts and talking with others about what I had read makes the content of the books I read stick in my mind.

902 Which aspects of this course did you like best?

Discussing the works with peers. Hands down.

903 Which aspects of this course did you like least?

The lecture time...way too early to absorb information! I think that a lot of students did not come to lecture/fell asleep in lecture because of the time that it was held.

919 How was the instructor most helpful to you?

He was always available for help with essays, and did an excellent job of remaining neutral, yet interesting and thought-provoking, during discussion. Also, I REALLY enjoyed blogging about what we had read.

901 How can the instructor improve the teaching of this course?

By encouraging students to raise questions about what they personally found most interesting ...a couple of days, this was the case, and I really enjoyed this.
