

THE UNIVERSITY OF MICHIGAN
STUDENT FEES AND FEE REGULATIONS

Effective August 2005

(Subject to change at any time by the Regents of the University)

Fee Regulations

1. The Board of Regents shall determine the level of full program student fees and a schedule of such fees shall be published. All other student fees shall be fixed by the Committee on Budget Administration.
2. All fees are payable in accordance with regulations established by the Executive Vice President and Chief Financial Officer providing only that said regulations may not defer payment of these fees beyond the end of the term for which they are assessed.
3. No exemption from the payment of fees shall be granted unless specifically approved in advance by the Board.
4. All persons, not specifically exempted, who are using University facilities and services must register and pay the appropriate fee.
5. Students enrolled in more than one school/college will pay the higher tuition rate for all credits elected.
6. Adjustment in Fees -- Ann Arbor
A student who changes his or her program in the first three weeks of classes in the full term, or in the first two weeks of classes in the divided term, will receive a full refund of the fees paid and will be assessed the full fee appropriate to new elections. If changes are made thereafter, the higher of the two fees will be assessed.
7. Refund of Fees -- Ann Arbor
 - A. Students withdrawing after registration and before the end of the third week of classes in the full term, or before the end of the second week of classes in the divided term, shall pay a disenrollment fee of \$50 but will be refunded any part of the term fee which has been paid.
 - B. Students withdrawing during the third week of classes in the divided term or in the fourth, fifth and sixth week of classes in the full term shall pay a disenrollment fee of \$50 or 50 percent of the assessed fee, whichever is larger.
 - C. Students withdrawing subsequent to the third week of classes in the divided term or in the fourth, fifth and sixth week of classes in the full term shall pay the assessed term fee in full.
 - D. Registration fees are nonrefundable.
 - E. The effective date of refund is the date the withdrawal notice is received in the Registrar's Office.
 - F. Any refund due the student will be mailed to his or her address of record upon request of the Office of Student Financial Operations, 2226 Student Activities Building, Ann Arbor, MI 48109.

VII. Application Fees

Application fees may be required. Prospective applicants should contact the appropriate admissions office.

VIII. Enrollment Deposit

The enrollment deposit is a payment to guarantee an enrollment space. Admitted students should contact the appropriate admissions office for the deposit amount. All new students, and former students who were not enrolled in the University during the previous two terms, are required to establish this deposit. "Summer only" and guest students are exempted from this requirement. The enrollment deposit is applied toward the payment of student fees for the term for which the student has been admitted. Failure to enroll for this term will result in forfeiture of the enrollment deposit.

IX. Late Registration Fee -- Ann Arbor

Students who register after the end of the scheduled registration period for any term or program will be assessed a late registration fee. The fee is \$50 during the first month in which classes are held, increasing by \$25 at the beginning of each subsequent month.

X. Laboratory & Other Supplemental Fees, Charges, & Deposits -- Ann Arbor

- A. Laboratory & Other Supplemental Fees, including Deposits. Fees and charges calculated to cover the costs of materials and supplies consumed, breakage, and other losses, are established by the Executive Vice President and Chief Financial Officer upon recommendation by the appropriate dean or director.
- B. Diplomas, Student Receipts, etc. Charges reasonably calculated to defray the cost of issuing duplicate diplomas, certificates, student receipts, student identification cards, student transcripts, etc., are established by the Committee on Budget Administration upon recommendation by the appropriate dean or director.
- C. Short Courses, Conferences, and Institutes. Fees reasonably calculated to cover instructional and other related costs and charges incurred in the offering of short courses, conferences, and institutes, are established by the Committee on Budget Administration upon recommendation by the appropriate dean or director.

XI. Other Fees -- Ann Arbor

Information on Residency Classification for Admission and Tuition Purposes

Authority

The governing board at each university in Michigan has the authority to determine residency classification guidelines for admission and tuition purposes. Therefore, residency guidelines may vary from school to school and are independent of guidelines used by other state authorities to determine residency for purposes such as income and property tax liability, driving and voting.

The following guidelines were approved by the University of Michigan's Board of Regents to take effect Spring Term 1998 and to apply to students at all campuses of the University of Michigan. The guidelines are administered by the Residency Classification Office in the Office of the Registrar at the University of Michigan Ann Arbor campus, 1514 LSA Building, 500 S. State St., Ann Arbor, MI 48109-1382 (734) 764-1400

THE STUDENT'S RESPONSIBILITIES AND THE RESIDENCY APPLICATION PROCESS

It is the student's responsibility to read the University Residency Classification Guidelines contained in this document and to apply for admission and register under the proper residency classification. It is also the student's responsibility to file an Application for Resident Classification for an official determination of status. Students are encouraged to consult with staff in the Residency Classification Office if they have questions or need assistance.

The admissions offices at the various schools and colleges within the University perform the initial screening for residency classification. If a student indicates Michigan resident status on the admissions application and the admissions office questions that status, the student will be classified as a non-resident and notified of the need to file an Application for Resident Classification with the Residency Classification Office. The fact that a student's claim to residency for University purposes is questioned does not necessarily mean that he or she will be ineligible; it simply means that the student's circumstances must be documented and reviewed by the Residency Classification Office. Failure on the part of admissions staff to question a student's claim to resident eligibility does not relieve the student of the responsibility to apply and register under the proper residency classification. Furthermore, the University reserves the right to audit enrolled or prospective students at any time with regard to eligibility for resident classification and to reclassify students who are registered under an improper residency classification.

Until an Application for Resident Classification is filed and approved, a student who previously attended any campus of the University of Michigan as a non-resident will continue to be classified as a non-resident at all campuses.

Upon application for admission to any campus of the University, an individual who claims eligibility for resident classification must file an Application for Resident Classification for an official determination of status if any of the following circumstances apply:

- the individual is living out of state at the time of application to the University
- either parent is living out of state (applies if the individual is 24 years of age or younger)
- the individual has attended or graduated from an out of state high school (applies if the individual is 24 years of age or younger)
- the individual has attended or graduated from an out of state high school and has been involved in educational pursuits for the majority of time since graduation from high school
- the individual has had out of state employment or domicile within the last 3 years

The above list is not exhaustive. An individual is responsible for filing an Application for Resident Classification in any situation where the individual's eligibility for residency under these Guidelines could be reasonably questioned.

Filing Deadlines

Students may apply for resident classification for any term in which they are enrolled or intend to enroll. The deadline dates for filing the Application for Resident Classification are the same for all University of Michigan schools, colleges and campuses.* The following dates apply to the term for which residency is sought. If the deadline falls on a weekend, it will be extended to the next business day.

Fall Term.....September 30

Winter Term.....January 31

Spring, Spring/Summer, and Summer Terms.....July 31

*(For the On Job/On Campus program, filing deadlines are 30 calendar days after the first scheduled day of classes.)

[Note: Applications must be received in the Residency Classification Office by the filing deadline.]

Documentation Which Must Be Included When Filing for Resident Classification

When filing an Application for Resident Classification, the following documentation must be included with the Application form:

- for all applicants: a copy of the driver's license of the applicant and of the person or persons upon whom the applicant is basing the claim to resident eligibility
- for all applicants: copies of the front and signature pages of the most recent year's federal and state income tax returns and W2s for the applicant and the person or persons upon whom the applicant is basing the claim to resident eligibility
- for applicants born outside the U.S.: verification of U.S. citizenship or visa status
- for applicants who are dependents: (see Residency Classification Guideline B-1), copies of the front and signature pages of the parents' most recent year's federal and state income tax returns
- for applicants whose claim to eligibility for resident classification is based on permanent, full-time employment for themselves, a parent, spouse or domestic partner: a letter from the employer, written on letterhead (including phone number), stating the position, status and dates of employment. The letter should be accompanied by a copy of the most recent pay stub showing Michigan taxes being withheld.

Applicants are also responsible for providing any other documentation necessary to support their claim to resident eligibility. Additional documentation may be requested by the Residency Classification Office.

Appeal Process

If an Application for Resident Classification is denied by the Residency Classification Office, the student may request that his or her file be reviewed by the University's Residency Appeal Committee. The appeal request must be made in writing and must be received in the Residency Classification Office within 30 calendar days of the date on the denial letter. If the deadline falls on a weekend or University holiday, it will be extended to the next business day.

All contact with the Residency Appeal Committee must be in writing. Personal contact with a member of the Committee prior to the meeting could disqualify the member from participating in the decision. A student who wishes the Committee to consider additional information must submit the information to the Residency Classification Office, in writing, with the appeal request. The information will then be forwarded to the Residency Appeal Committee with the student's file.

The student will receive a written decision from the Committee when the review is complete. Once the Residency Appeal Committee issues its decision there are no further appeals for the term covered by the application.

Misrepresentation and Falsification of Information

Applicants who provide false or misleading information or who intentionally omit relevant information in an application for admission, an application for resident classification or any other document relevant to residency eligibility may be subject to legal or disciplinary measures. Students improperly classified as residents based on this type of information will have their residency classification changed and may be retroactively charged non-resident tuition for the period of time they were improperly classified.

RESIDENCY CLASSIFICATION GUIDELINES

For University purposes, "domicile" is defined as the place where an individual intends his/her true, fixed and permanent home and principal establishment to be, and to which the individual intends to return whenever he or she is absent. These Guidelines are designed to explain how a student may demonstrate the required intent and establishment of a domicile in Michigan. An individual whose activities and circumstances, as documented to the University, demonstrate that he or she intends to be domiciled in Michigan and has, in fact, established a domicile in Michigan will be eligible for classification as a resident. An individual whose presence in the state is based on activities or circumstances that are indeterminate or temporary, such as (but not limited to) educational pursuits, will be presumed not to be domiciled in Michigan and will be classified as a non-resident. The burden of proof is on the applicant to demonstrate with clear and convincing evidence that he or she is eligible for resident classification under these Guidelines.

These Guidelines describe situations that create presumptions of resident and non-resident status. The fact that a presumption of resident status may apply to a student does not mean that the student will automatically be classified as a resident or that the student is relieved of the responsibility for filing an Application for Resident Classification. (See *The Student's Responsibilities and the Residency Application Process*.) To overcome a presumption of non-resident status, a student must file a residency application and document with clear and convincing evidence that a Michigan domicile has been established.

A. GENERAL GUIDELINES:

1. Circumstances which may demonstrate permanent domicile

The following circumstances and activities, though not conclusive or exhaustive, may lend support to a claim to eligibility for resident classification:

- both parents (in the case of divorce, one parent) permanently domiciled in Michigan as demonstrated by permanent employment, establishment of a household and severance of out of state ties
- applicant employed in the state in a full-time, permanent position provided that the applicant's employment is the primary purpose for the applicant's presence in Michigan
- spouse or domestic partner employed in the state in a full-time, permanent position provided that the spouse's or partner's employment is the primary purpose for the student's presence in Michigan

2. Circumstances which do not demonstrate permanent domicile

The circumstances and activities listed below are temporary or indeterminate and, in and of themselves, do not demonstrate permanent domicile:

- enrollment in high school, community college or university
- participation in a medical residency program, fellowship or internship
- employment that is temporary or short-term
- military assignment
- employment in a position normally held by a student
- ownership of property
- presence of relatives (other than parents)
- possession of a Michigan driver's license or voter's registration
- payment of Michigan income or property taxes
- the applicant's statement of intent to be domiciled in Michigan

3. One year continuous presence

In cases where it is determined that an applicant has not demonstrated establishment of a domicile in Michigan as defined by these Guidelines, the University will require the applicant to document one year of continuous physical presence in the state as one of the criteria for determining eligibility for resident classification in any subsequent Application for Resident Classification. The year to be documented will be the one year immediately preceding the first day of classes of the term in question. The year of continuous presence is **never** the only criterion used for determining resident eligibility, and, in itself, will not qualify a student for resident status. If substantial and new information arises which changes the circumstances of a student's presence in Michigan and which clearly demonstrates the establishment of a Michigan domicile, the student may be immediately eligible for resident classification prior to the passage of one year.

In documenting the year of continuous physical presence in Michigan, the applicant will be expected to show actual physical presence by means of enrollment, employment, in-person financial transactions, health care appointments, etc. Having a lease or a permanent address in the state does not, in itself, qualify as physical presence. Short-term absences (summer vacation of 21 days or less, spring break and break between fall and winter term), in and of themselves, will not jeopardize compliance with the one-year requirement. In determining the effect of a short-term absence, the nature of the absence will be assessed to determine whether it is contrary to an intent to be domiciled in Michigan. Absences from the state in excess of the time mentioned above or failure to document physical presence at the beginning and end of the year will be considered as noncompliance with the one-year continuous presence requirement.

B. RESIDENCY PRESUMPTIONS IN PARTICULAR CIRCUMSTANCES:

The fact that a presumption of resident status may apply to a student does not mean that the student will automatically be classified as a resident or that the student is relieved of the responsibility for filing an Application for Resident Classification. (See *The Student's Responsibilities and the Residency Application Process*).

1. Dependent Students

For University residency classification purposes, a student is presumed to be a dependent of his or her parents if the student is 24 years of age or younger and (1) has been primarily involved in educational pursuits, or (2) has not been entirely financially self-supporting through employment.

(a) Residents

i. Dependent Student -- Parents in Michigan

A dependent student whose parents are, according to University Residency Classification Guidelines, domiciled in Michigan is presumed to be eligible for resident classification for University purposes as long as the student has not taken steps to establish a domicile outside of Michigan or any other action inconsistent with maintaining a domicile in Michigan.

ii. Dependent Student of Divorced Parents -- One Parent in Michigan

A dependent student whose parents are divorced is presumed to be eligible for resident classification for University purposes if one parent is, according to University Residency Classification Guidelines, domiciled in Michigan. The student must not have taken steps to establish an independent domicile outside of Michigan or any other action inconsistent with maintaining a domicile in Michigan.

iii. Dependent Resident Student Whose Parents Leave Michigan

A student who is living in Michigan and who is, by University Residency Classification Guidelines, permanently domiciled in Michigan does not lose resident status if the parents leave Michigan, provided:

- (1) that the student has completed at least the junior year of high school prior to the parents' departure,
- (2) that the student remains in Michigan, enrolled as a full-time student in high school or an institution of higher education, and
- (3) that the student has not taken steps to establish a domicile outside Michigan or any other action inconsistent with maintaining a domicile in Michigan.

(b) Non-residents

Dependent Student -- Parents not in Michigan

A dependent student whose parents are domiciled outside the state of Michigan is presumed to be a non-resident for University purposes.

2. Michigan Residents and Absences From the State

Individuals who have been domiciled in Michigan according to University Residency Classification Guidelines immediately preceding certain types of absences from the state may retain their eligibility for resident classification under the conditions listed below:

(a) One Year Absence

An individual who has been domiciled in Michigan immediately preceding an absence from the state of less than one year may return to the University as a resident for admission and tuition purposes provided:

- (1) that the individual has maintained significant ties to the state during his or her absence, and
- (2) that the individual severs out of state ties upon returning to Michigan.

(b) Absence for Active Duty Military Service (Army, Navy, Air Force, Marines, Coast Guard), Missionary Work, Peace Corps or Similar Philanthropic Work

An individual who is domiciled in Michigan at the time of entry into active military duty, missionary work, Peace Corps or similar philanthropic work does not lose eligibility for resident classification as long as he or she is on continuous active duty and continuously claims Michigan as the state of legal residence for income tax purposes. Dependent children of such an individual are also eligible for resident classification, provided:

- (1) that they are coming to the University directly from high school or they have been continuously enrolled in college since graduating from high school, and
- (2) that they have not claimed residency for tuition purposes elsewhere.

(c) Absence for Education or Training

An individual who is domiciled in Michigan immediately preceding an absence from the state for full-time enrollment in school or for a medical residency program, internship or fellowship does not lose eligibility for resident classification provided:

- (1) that the individual has maintained significant ties to the state during his or her absence (e.g., parents still in the state, payment of state taxes, active business accounts), and
- (2) that the individual has not claimed residency for tuition purposes elsewhere.

2. Residence Status of Immigrants and Aliens

Only persons who are entitled to reside permanently in the United States may be eligible for resident classification at the University. These individuals, like U.S. citizens, must still prove that they have established a *Michigan* domicile as defined in these Guidelines. Having the privilege of remaining permanently in the United States, in itself, does not entitle a person to resident classification for University purposes. The Residency Classification Office will review the circumstances of the following classes of immigrants:

Permanent Resident Aliens (must be fully processed and possess Permanent Resident Alien card or stamp in passport verifying final approval by filing deadline for applicable term)

Refugees (I-94 card must designate "Refugee")

A, E (primary), G and I visa holders*

(*Based upon current law, these nonimmigrant visa classifications are the only ones that permit the visa holder to establish a domicile in the United States. The University Registrar shall update this list as changes occur in applicable law).
