DEGREES AND AWARDS CONFERRED, 1845-1980
BY THE UNIVERSITY OF MICHIGAN

The University of Michigan
Office of the Registrar
March 1981

FOREWORD

This is the third publication devoted to the enumeration of degrees conferred in course by the University of Michigan. The first two editions summarized all the degrees by unit and period conferred by the University. This publication extends that information for the past decade.

Data by individual degrees and years for the period of 1845 through June 1970 are not repeated in this edition. However summary tables do include all awards and degrees. The second edition should be referred to for this detail.

The Annual Reports of the Registrar's Office regularly report degrees by degree, field, and level. In addition many lists of recipients are maintained for reference in the Statistical Service Office. Individuals are available for consultation about available data in this area. Questions or suggestions relative to the reporting of degrees are always welcome.
