

UNIVERSITY OF MICHIGAN
OFFICIAL PUBLICATION

Report of
The Office of
Registration and Records
1958-1959.

Reprinted from the President's Report
for 1958-1959, The University of Michigan

ANN ARBOR, MICHIGAN
PUBLISHED BY THE UNIVERSITY

FOREWORD

The enrollment picture of The University of Michigan for the year 1958-59 is presented here in detail. Honor-point averages, degrees granted, and other interesting data are summarized. Additional detailed information is available in the Statistical Service of the Office of Registration and Records.

The other services given by this office in the areas of orientation, registration, recording, compiling of the University Directory, Selective Service certification and counseling, and furnishing of diplomas and transcripts are briefly described. Comments and suggestions for the improvement of these services and this report are most welcome.

Office of Registration and Records
EDWARD G. GROESBECK, *Director*

THE OFFICE OF REGISTRATION AND RECORDS

The enrollments for both the fall and spring semesters exceeded those of the previous year for the sixth time since 1952. In the fall of 1958, 23,900 students were enrolled for residence credit in degree programs, and an additional 4,236 students were enrolled in credit courses at University centers, making the total enrollment in credit courses 28,154 for the first semester.

The composition of this student body changed only slightly from the previous year. Of the fall enrollment 67.2 per cent were men. A further breakdown shows that 37.0 per cent were undergraduate men, 30.1 per cent were graduate men, 25.0 per cent were undergraduate women, and 7.9 per cent were graduate women. Michigan residents made up 66.2 per cent of the total. Of the undergraduates 24.2 per cent were freshmen, 24.8 per cent sophomores, 24.5 per cent juniors, and 22.3 per cent seniors; 4.2 per cent were classified as special students.

The freshman class of 3,084 entering in September nearly equalled the record of 3,089 entering in the fall of 1956. A total of 3,295 freshmen entered the University during the fiscal year, of whom 53 per cent were men and 47 per cent were women. The ratio of Michigan to non-Michigan residents remained at two to one.

Every Michigan county, every state (including Alaska and Hawaii), the District of Columbia, the Canal Zone, Guam, Puerto Rico, and the Virgin Islands, and 84 foreign nations were represented in the student body during 1958-59.

The University granted a total of 6,242 earned degrees during the fiscal year. Of these, 49.4 per cent were bachelor's degrees, 33.9 per cent master's degrees, 4.9 per cent doctorates, and 11.8 per cent graduate-professional degrees in dentistry, law, medicine, public health, and social work. The number of degrees granted was 19.5 per cent of the total number of students enrolled in degree programs.

The scholarship report for the year 1958-59 (see Table XXII and XXIII) concerns undergraduate students only. This report has been changed from an annual to a semester basis.

The average earned by all men and women during the first semester, taking 205,861 semester hours of credit, was 2.57; during the second semester, taking 191,174 semester hours of credit, their average was 2.62. The women, earning a first semester average of 2.67 and a second semester average of 2.71, maintained their usual higher average than the men. The men's average during the first and second semester was 2.50 and 2.56, respectively. The new fall freshman class had a 2.39 average, which was .02 grade-point better than a year ago. The freshman women earned a 2.43 average and the men a 2.36 average.

As indicated above, grades earned by students in the School of Dentistry, the Graduate School, the Law School, the Medical School, and the School of Social Work, and grades for graduate students in the School of Business Administration, the School of Music, the School of Natural Resources, and the School of Public Health have been excluded from this report. Freshmen are defined as those students who entered the University in the fall of 1958 or the spring of 1959 with less than one semester of college experience.

Another measure of academic success is the degree of persistence (Table XXI) shown by fall freshmen in returning for the next semester. Ninety-three per cent of the 3,084 fall freshmen continued in the University for the second semester.

The thirty-sixth Honors Convocations was held May 8, 1959, in special recognition of 750 undergraduate students who had earned at least a 3.5 grade-point average for the preceding two semesters, or, if they were freshmen, had earned this average for their first semester. Personnel in this office compiled the necessary information, together with the membership of honor societies, recipients of scholarships, and students honored for extracurricular activities. Copies of the Convocation program, together with a letter and a list of their former students who were honored, were sent to 155 Michigan high schools, 5 Michigan junior colleges, and one out-of-state junior college. Of the 750 students honored, 60 per cent were from Michigan high schools.

The tables and charts that follow summarize the year's enrollment, show the geographical distribution, indicate class distribution, and report other pertinent facts of the University's population.

Throughout these tables the term "Graduate," in the Student Group column, is used to indicate students enrolled in the Horace H. Rackham School of Graduate Studies.

The usual procedures were followed in reporting the number of students registered at the University. The year includes the 1958 summer session, the 1958-59 first semester, and the 1958-59 second semester. It should be noted that apparent numerical discrepancies in totals are the result of students who are enrolled in two or more units and counted but once in the net total.

In the summary, enrollments have been divided into groups as follows:

I-A Students in University degree or postgraduate professional residence credit level programs	31,146
I-B Students in University postgraduate professional programs of fewer than four weeks in the summer session or fewer than eight weeks during either semester	995
II-A 1 Students in University Extension credit courses offered in classes organized in Ann Arbor, Battle Creek, Detroit, the area offices at Escanaba, Flint, Grand Rapids, Port Huron, Saginaw, and Traverse City. Classes were also held in seventy-eight other Michigan communities	5,554
II-A 2 Students in University Extension credit courses offered through correspondence	1,204
II-B Students in extramural postgraduate programs in medicine, offered at eighteen permanent centers in the state	778
III-A 1 Students in University Extension certificate classes, designed to assist the mature individual who is seeking continued study along lines not covered in regular University courses	4,987
III-A 2 Students in University Extension certificate courses offered through correspondence	1,088

Extramural students in certificate programs in Group III are counted in the summary only. Other groups mentioned in the summary are included in the tables on geographical distribution of students, since they represent a service of instruction to the people of the state, the nation, and areas outside the continental United States. Geographical distributions are made according to the home address given by each student on his registration card.

In all tables except the summary, geographic and chronological students in I-B and II-B have been omitted because registrations in these groups are for a comparatively short period, and the University recognizes that they are not comparable to enrollments in courses of regulation length.

TABLE I
1958-1959
ENROLLMENT SUMMARY

Student Group	Total	Men	Women
I. Students in residence credit programs:			
A. Degree and postgraduate professional programs	31,146	20,760	10,386

1955-56.....	5,030	+495
1956-57.....	5,516	+486
1957-58.....	5,813	+297
1958-59.....	6,242	+429

TABLE XXIX
TRANSCRIPTS*

Year	Individual Requests for Transcripts		Grade Reports to Students, Deans, and Departments
	Number	Amount Received	
1949-50.....	21,383	\$ 4,916.00	95,773
1950-51.....	30,458	5,370.50	93,438
1951-52.....	30,932	5,507.50	105,416
1952-53.....	29,847	4,900.00	102,429
1953-54.....	31,781	5,117.00	93,458
1954-55.....	34,314	5,730.00	94,023
1955-56.....	39,428	11,015.00	107,283
1956-57.....	41,375	18,920.00	118,105
1957-58.....	50,563	23,511.00	147,781
1958-59.....	56,246	30,212.00	141,861

*In 1955 the transcript fee was increased to \$1.00; this accounts for the unusual increase in the "amount received" column. Transcripts were used as grade reports to the students and to their deans and departments. These reports were printed en masse at the end of each semester and summer session. In addition, copies of transcripts of graduates of Michigan high schools and junior colleges are sent to the schools when the students receive their first degree from the University.
